MESSAGE FROM THE MINISTER OF WOMEN COMMUNITY AND SOCIAL
DEVELOPMENT

It is an honour and privilege to present the first issue of the Directory for Men Leaders of Samoa in the Public Sector. This document is the first ever we have produced to document the achievements of men in various sectors of the Samoan community, particularly the Government Overseas Mission Leaders, Chief Executive Officers and Assistant Chief Executive Officers of Government Ministries, Corporations and Constitutional Authorities.

As Minister for the Ministry of Women, Community and Social Development I would like to congratulate all men documented in this issue. They have made significant contributions in practically all levels of Samoan Society. As leaders, decision makers, professionals and policy makers, Samoan men have made an ineradicable mark in Samoa's social, economic and cultural history. Their efforts and commitment are duly acknowledged. Faafetai tele mo lo outou sao taua aua se manuia o Samoa mo a taeao.

I would like to congratulate the Chief Executive Officer, management and staff of the Ministry of Women, Community and Social Development for this very important initiative. This undertaking will ensure that the outstanding achievements of Samoan men are included in the history of Samoa.

This document is a valuable resource to the Government of Samoa which I hope will be read widely throughout Samoa to inform and assist the Government and communities with the selection of suitable men to various Statutory Boards and working committees.

Honourable Fiame Naomi Mataafa
MINISTER FOR MINISTRY OF WOMEN COMMUNITY AND SOCIAL DEVELOPMENT

FOREWORD

The Objectives of the Directory for Men Leaders of Samoa in the Public Sector are as follows:

1. To acknowledge the achievements and contributions of Samoan men in the professional expertise and competencies in their career developments.
2. To utilize the information provided for the documentation in the selection / appointment of men to various Statutory Boards and Working Committees.

This is the first ever Directory for Men we have produced and we have covered a decade of men leaders from 2001 through to 2010. It notes the progress that Samoan men have made over the years.

I would like to acknowledge with sincerity the valuable assistance from various Government Ministries, Constitutional Authorities and Corporations who provided information as requested, in particular the consent of the men included in this issue. This first edition would never have been completed without their assistance and cooperation. Faafetai tele lava.

Lastly, I would like to thank the Assistant Chief Executive Officer of the Division for Research, Policy, Planning and Information Processing and staff who have actively coordinated this project into completion.

Leituāla Kuiniselani Toelupe Tago
CHIEF EXECUTIVE OFFICER
